

## Recreational Area Regulations

In accordance with the By-Laws of The Mil-Bur Club, Inc. ("the Club"), the operation and maintenance of the recreational facilities are the responsibility of the Club member families ("members") acting through the Board of Directors. Committees will be formed as required to operate and maintain the recreational facilities, including the swimming pool, park, and pier.

The park areas are open to all Class "A" members. The Mil-Bur community swimming pool is open to Class "A" members of the Club who have paid the pool usage fees for the current season. Members may also sponsor guests, subject to these rules and regulations. Boating (pier) rules and regulations are separately promulgated.

In order to protect the rights and privacy of community residents, the Board of Directors has formulated a reasonable set of guidelines for members to follow. The rules are not intended to be restrictive but rather that common sense behavior should prevail so that maximum enjoyment of our facilities can be experienced by all residents regardless of their individual circumstances. Neither are guest fees intended to be restrictive nor profit motivated, but are established to defray the additional costs incurred by guest participation.
